## Engaging events coming up near you

### Presentation: "Life on Mystery Island"

East Hampton -- Saturday, October 15, 5:00 - 6:00 p.m.

Ed Faszczewski, one of Plum Island's first civilian residents, shares his first-hand account of life on the island. This presentation is part of the East Hampton Library's Tom Twomey lecture series in local history. [Learn more and RSVP.](#)

**Dam Removal Seminar at Hofstra University**  
Hempstead -- Tuesday, October 18, 9:00 a.m. - 3:30 p.m.

Gwen Macdonald, Save the Sound's Director of Habitat Restoration, will present at 12:30 p.m. on the removal of New Haven's Pond Lily dam. Event will take place at Hofstra's Sondra & David S. Mack Student Center in Hempstead. [Learn more.](#)

**NY Congressional District 1 Environmental Candidate Forum**

Riverhead -- Tuesday, October 18, 6:00 - 7:30 p.m.

Save the Sound is co-hosting a nonpartisan candidate forum featuring New York Congressman Lee Zeldin and his challenger Anna Throne-Holst. You're encouraged to attend and ask questions about Plum Island and water quality investment. Candidates will discuss their environmental priorities at the **Suffolk County Community College Culinary Arts and Hospitality Center** in Riverhead. [Learn more.](#)

**Presentation: The Plants and Animals of Plum Island, NY**  
**Greenport -- Saturday, October 20, 7:30 p.m.**  
New York Natural Heritage Program biologists will present their findings from the *first ever* four-season biological inventory of Plum Island's plants and animals at the **Peconic Landing Community Center** in Greenport. [Learn more.](#)

**Meeting on Flushing Bay Sewage Pollution**  
**Flushing -- Wednesday, October 26, 6:30 - 8:30 p.m.**

The NYC Department of Environmental Protection (DEP) is hosting a presentation and discussion on alternatives to current combined sewer overflow controls. Public input and feedback is encouraged as DEP prepares a final proposal for submission to the New York State Department of Environmental Conservation. [Register here.](#)

Learn more about why long term sewage planning matters: check out our [Long Island Sound Report Card](#) released last week!

Save the Sound

The mission of Connecticut Fund for the Environment and its bi-state program Save the Sound is to protect and improve the land, air, and water of Connecticut and Long Island Sound. From our headquarters in New Haven and Western Sound office in Mamaroneck, we use legal and scientific expertise and bring people together to achieve results that benefit our environment for current and future generations.
